

LSC-Virgo Joint Analysis Meeting

Nov 18, Marlar Lounge, Room 37-252

Morning starting at 09:00

Nelson Christensen (remote)		
Stephen Fairhurst	Inspirial paper status	20' + questions
Marie Anne Bizouard	projectlabis status and Burst paper status	20' + questions
Michele Zanolin	Discussion of AND/OR of the burst methods	10' + questions
Daniel Grosjean	Timing accuracy issues for inspiral events	15' + questions
Fabien Cavalier	Source reconstruction in coincidences analysis	15' + questions
Jared Markowitz et al	Amplitude constraints on source location reconstruction	15' + questions

Lunch 12:30-13:30

Nicolas Leroy	Update of coherent analysis in Orsay	15' + questions
Sergey Klimenko et al	Update on constrained likelihood	15' + questions
Patrick Sutton et al	Status of coherent burst search efforts at CIT/JPL/ANU	15' + questions
Sukanta Bose/ Stephen Fairhurst	Coherent analysis for inspiral sources	15' + questions
Discussion on exchange of real data		
Stephen Fairhurst	Short summary of LIGO ideas	10'
Fulvio Ricci	Short summary of VIRGO ideas	10'
General discussion (all)		
Summary of the day
